## Non-Production Experience

Prep Tech, 2005 - 2006; SCAD Film & Television Equipment Rental House, Savannah, GA  
Scheduled kit reservations, packed kits for pickup, checked in kits at return, checked condition of equipment and repaired if necessary, provided assistance with gear problems for productions in field. The rental house serviced 700 film undergraduates & 100 graduate students with an average of 10 to 40 kits a day.

## Directors worked with

Sid Goldberg, Dennis Beauchamp, Mark Perez, John Stimpson

## Education

### **B.F.A Concentration: Film and Television**

Fall 2003 - Summer 2005

Savannah College of Art and Design, Savannah GA

Education included but was not limited to pre-production, screen writing, cameras (film and digital), lighting, grip equipment, directing, post production, as well as the history of film and television. Education also included a wide variety of camera and grip gear, some of which is listed above. Program also focused on the processes of both narrative and documentary filmmaking. It also included general fine art studies such as; drawing, photography, color theory, and art history.

### **A.A.S Concentration: Computer Graphics**

Fall 2001 - Summer 2003

Mercer County Community College, West Windsor NJ

Education included but was not limited to computer animation, graphic design, story boarding, web-site design, photo enhancing, retouching and compositing. Program also included general fine arts studies such as; drawing, painting, sculpture, photography, and art history.
